## 1ST MEDICAL BRIGADE

Looking for additional training options, 1st Medical Brigade visited the CRDAMC Simulation Center for an informational tour. A multidisciplinary group of medical practitioners and clinicians participated in hands on familiarization ranging from intravenous needle insertion, new born delivery, and patient assessment.

1st Medical Brigade has an interest in using the Simulation Center for training their Professional Filler System (PROFIS) personnel which is comprised of specialist that provide critical services to deploying units.

Team training and communication are the focal points of training for these soldiers. Simulation Center staff answered questions concerning SimMan 3G Advanced Cardiac Life Support scenarios and features. The Simulation Center is capable of addressing training needs with an inventory of 12 patient simulators and 42 part task trainers.
